A college scholarship is a monetary award based on criteria given by the awarding party. It can be given on the basis of academic merit, athletic ability, financial need or other criteria specific to the group giving the award. Educational grants and scholarships are the best kind of financial aid, for one simple reason: it's free money.

To make your journey to college a little easier, the African-American Affairs Commission has compiled a listing of available scholarships and information to assist you with your search. In this booklet you will find a brief description of each scholarship. Each scholarship contains contact information and/or links that will direct you to the actual scholarship and application. Click on the scholarship link provided or cut and paste the website address into your browser.

Feel free to download this scholarship booklet by visiting www.cga.ct.gov/aaac.

You will also find a financial aid guide for minority students at: <http://www.onlineschools.org/financial-aid/minority/>.

Please note scholarship deadlines are approximate. If scholarship deadlines are not indicated in the scholarship description, visit the scholarship website. Also note, if the deadline has past, you can contact the awarding party to see if the date has been extended. Eligibility requirements and application deadlines may change without our knowledge.

If you would like additional information about the State of Connecticut African-American Affairs Commission, please feel free to contact us. www.cga.ct.gov/aaac

The mission of the State of Connecticut African-American Affairs Commission is to improve and promote the economic development, education, health and political well-being of the African-American community in the State of Connecticut through advocacy, information sharing, cultural awareness, community networking and influencing legislation.

COLLEGE GOAL SUNDAY - CT

For students who are the first in their family to attend college, the process of applying for college can seem complicated, especially finding financial resources and applying for aid to make the dream of attending college a reality. Participating in College Goal Sunday gives students and their families a great first step on the pathway to college. It gives students an opportunity to learn about preparing for college and financial aid in a comfortable setting.

In Connecticut, the state with the largest educational achievement gap, it is very important that barriers that discourage African-American students and other first generation students to go to college be removed. College Goal Sunday provides students and their care providers with expert service and attention in completing the FAFSA, the most important form needed to secure financial aid for college.

College Goal Sunday is funded and sponsored by the Lumina Foundation for Education, YMCA USA, the CT Association of Professional Financial Aid Administrators (CAPFAA) and the CT Association of Educational Opportunity Programs (CAEOP). College Goal Sunday is a valuable opportunity to get tips on planning for college and personal advice on ways to make attending college more affordable. Students and parents are encouraged to take advantage of this event. For more information, contact the African-American Affairs Commission at 860-240-8555 or visit College Goal Sunday at www.collegegoalsundayct.org.

KnowHow2Go-CT Network

Studies from the U.S. Department of Education show that 8 out of 10 students expect to earn a college degree or higher, but few students understand what they need to do to be fully prepared for college. In response, a coalition of Connecticut organizations, led by the Departments of Education and Higher Education, have joined forces with the Lumina Foundation for Education, the Ad Council and the American Council of Education to support KnowHow2Go. KnowHow2Go is a multimedia campaign that provides students with four basic steps they can use to actively guide their preparation for postsecondary education.

The campaign reaches out to young people, their parents and family members and their mentors with television, radio and outdoor public service advertising and an interactive website. You can visit the website at www.knowhow2goct.org click on "Useful Links Website and More" for more information.

What is a scholarship?

Scholarships are funds used to [pay for higher education](#) that do not have to be repaid to the provider. Scholarships may be awarded based on any number of criteria including [academics](#), achievements, hobbies, and talents, affiliations with various groups or career aspirations. They are available from federal and [state](#) governments, large corporations, [local](#) businesses, professional organizations, [universities](#) and individuals and each has its own requirements applicants must adhere to be eligible for the award. Our [scholarship search](#) can match you with the scholarships for which you best qualify and have the best chance of [winning](#).

How is a scholarship different from a grant?

Scholarships and Grants are both free money that you never have to repay but in the majority of cases, scholarships are awarded to students who are planning to attend or are already enrolled in some form of postsecondary education. Awardees are often required to maintain specific grade point averages, participate in [certain activities](#) or take a certain amount of credits per semester to remain eligible for the scholarships; failure to adhere to these guidelines could result in suspension or cancellation of the [funding](#). Grant recipients, however, do not necessarily have to be attending or planning on [attending college](#): They often need the funds to finance research projects (recipients are expected to create proposals and update the donors regularly to maintain funding) or, if they are entrepreneurs or victims of natural disasters, require capital to help start or rebuild their lives.

How is a scholarship different from a fellowship?

Like scholarships, [fellowships](#) are considered gift aid and do not have to be repaid but they are typically only available for [graduate students](#) to help support their educations. Some fellowships include [tuition](#) waivers or payments to universities in lieu of tuition but most include a stipend to cover reasonable [living expenses](#).

How do scholarships differ from loans?

The main difference between scholarships and [loans](#) is that while scholarships do not require repayment, loans do...with interest. Loans are awarded federally ([Stafford](#), Perkins and [PLUS](#)) as well as privately (through banks and other lenders like Sallie Mae) and can be either subsidized (no payments must be made while in school) or unsubsidized (payments must be made while in school).

Will winning a scholarship impact my financial aid package?

It may. The government takes student [awards](#) into consideration when offering aid. However, students should not be deterred by this. Many schools use student money to offset [loan](#) eligibility, not grant awards. Students who receive little aid can benefit greatly from [scholarships](#).

If I'm not eligible for financial aid, can I still receive a scholarship?

Yes, there are plenty of scholarships that aren't based on financial need. Play to your strengths: If you have a high GPA, apply for [academic scholarships](#), if you're a great writer, apply for [essay](#) and [poetry scholarships](#), if you're creative, apply for [art](#) and [design scholarships](#)...the list goes on and on. You could have your entire tuition covered by scholarships if you do your due diligence, which means you'll graduate with zero student loan debt.

Why should I apply for scholarships?

A scholarship is free [money for college](#), money you don't have to worry about paying back so you can spend more time on your [classes](#). You're being awarded money for something you're already good at – your grades, [athleticism](#), creative ability or [tech savvy](#) – so take advantage of it? Many students don't want to [apply for scholarships](#) because they don't think they stand a chance of winning but in reality, applying for scholarships that match your specific criteria (like the ones our [scholarship search](#) will match you with) increases the odds of receiving a scholarship award exponentially.

As Greater Hartford's community-wide charitable endowment, the Hartford Foundation for Public Giving is permanently committed to improving the quality of life for residents throughout the region. To achieve this goal, the foundation: Provides financial and other support that enables people and institutions to serve the community effectively; Promote informed charitable giving in order to expand the region's philanthropic resources; and Participate actively in efforts to identify important community needs and opportunities, as well as the means to address them.

Scholarship funds at the Hartford Foundation were established by people and organizations of all types and from throughout Greater Hartford. They all share one motivation – to help students from this community afford a college education. The Foundation provides scholarships in five ways:

- General Scholarship Endowment Fund: This pools donors' contributions and awards \$3,000 scholarships to graduating high school seniors attending four-year colleges. These awards are renewable for up to three years and – in addition to tuition, fees, room and board – and in some cases - purchase textbooks.
- Community College Scholarship Program: These scholarships provide three- year escalating awards for graduating high school seniors and for adult learners attending community and two-year colleges.
- Individual scholarship funds: These allow donors to work with the Foundation in establishing selection criteria and award amounts. These scholarships help a variety of students from traditional-aged to graduate students.
- Block grants to community colleges to use for scholarships to needy students.
- Block grants to support students transferring from community to four-year colleges.
