

**Manchester Community College  
American Culinary Federation Programs  
Program Outcomes and Success Measures**

ACF Outcome: Graduation Rates

Among recent entering cohorts of new full time freshmen in the Culinary Arts program, 14%, 10% and 0% earned an MCC Associate's degree in three years or less. Preliminary data suggests 13% of the 23 members of the Fa16 cohort will earn their degree within three years. Many students are still enrolled three years later, including 25%, 26% and 35% from these recent cohorts shown in grad columns below.

ACF Outcome: Job Placement

One source of job placement data is the annual graduate survey. Among Culinary Arts AS graduates from the last three years who responded to the survey, 86% were employed full time.

<b>Manchester Community College Graduate Survey Results Job Placement ACF Accredited Programs</b>			
	<u>2015-16 Grads</u>	<u>2016-17 Grads</u>	<u>2017-18 Grads</u>
<u>Total Culinary Arts AS grads</u>	18	22	16
