

# Computer Repair and Share Program Donation Form

This **Computer Repair and Share Program** takes surplus computers that are no longer needed by the College or private donors and reconditions them so that MCC students can use them to further their educational goals.

**CPUs/Laptops:** We are only able to recondition computers or laptops if they are 5 years old or newer. Generally, systems running Windows XP Pro or Home would most likely be of value for the program. If you are not sure of the specifications or age of the equipment, please contact [rsabadosa@mcc.commnet.edu](mailto:rsabadosa@mcc.commnet.edu) and we will evaluate your donation.

**Monitors:** We can accept flat panel displays individually or as part of a full computer system and CRT monitors only if they are part of a *complete computer* being donated.

**Printers:** The program will consider printers only if they are laser printers in working order and have some toner left.
