

## IMPORTANT INFORMATION ABOUT YOUR NET ID AND PASSWORD

When you applied for enrollment in the College Career Pathways program, or if you attended any on campus courses at a Connecticut community college, you were assigned a unique Student ID and NET ID:

Your Student ID looks like this: @12345678

Your NET ID looks like this: 12345678@student.commnet.edu

You also received directions for creating a password that will enable you to access your records in our computer system through a portal called [myCommNet](#). MyCommNet gives you the ability to access information you need with a single sign-on.

**Forgot your NET ID? Try the NET ID Lookup Utility:**

<http://supportcenter.ct.edu/NetID/lookupnetid.asp>

**Please note that your College Career Pathways Coordinator at your high school has your NET ID and you can ask for it there, too!**

When you find your NET ID you will need to go to [myCommNet](#) to activate your account and log on for the first time using a pre-formulated password. Your initial password is comprised of the first three letters of your birth month, with the first letter capitalized; the “&” symbol; and the last four digits of your social security number. (Example: If your birthday is in June and your SSN is 123-45-6789, your initial password would be: Jun&6789). After your initial log in you will be instructed to change your password. **SAVE THIS PASSWORD!** It is a real hassle to get a new one, as you just found out.

Below you can see screen shots of the whole process in [myCommNet](#).
