

# Manchester Community College Computer Lab

## Priority of Use

---

If the lab fills up, you may be asked to give up a computer to someone with a higher priority of need.

Priorities are as follows:

1. Current credit students working on assignments.
2. Continuing Education students working on assignments.
3. Credit students working on personal tasks, e.g. browsing the web, writing letters, resumes. (Printing on special paper is not allowed.)
4. Alumni. (Keep in mind that NetIDs expire the semester after last use.)

Use of wheelchair-accessible computers by students not in wheelchairs is permitted only if that computer is not needed by a student in a wheelchair.

**→ No one is to use the lab for business purposes.**

**All users must have a valid NetID.**

Individuals without valid NetIDs are referred to the Library.

Faculty and staff are encouraged to use computers in the Library. Contact the ETDL Department for further information: 860-512-2857 or [sandbox@mcc.commnet.edu](mailto:sandbox@mcc.commnet.edu).

**Thank you for your cooperation.**
