

Name: _____ **Banner ID#:** _____

During your time at Manchester Community College (MCC), you are expected to participate in at least one Student Club and/or College Governance Committee. If you don't see a student club that interests you, we will assist you in starting a club that does. Being part of a community means being engaged in that community, student clubs and College Governance Committees are a tremendous way to make an impact on both your MCC experience and on the community as a whole.

Major Student Clubs

- Student Government Association (SGA)
Governing body of students who serve as the voice of the MCC students as a whole, administer the Student Activity Fund and supervise all student clubs.
- Campus Activities Board (CAB)
Responsible for planning, promoting and implementing diverse, student sponsored programs within the best interests of the MCC student body.

- Green Club
- Game Club (formerly Scrabble Club)
- Gaming and Entertainment Club
- Newman Club (Catholic Club)
- Outdoor Club
- Making Cosplay Cool
- VETS (Veterans' Club)

- Arts Club
- Ballroom Dance
- Dance Club
- Drama Club
- ICE Radio Station
- Live Wire (Student Newspaper)
- Music Club
- Poetry Club

Special Interest Organizations

- Community (Bible club)

College Governance Committees

- Student Life-** To serve as a forum amongst faculty, staff and students for discussion, communication, and advice concerning all areas of student life and to encourage student participation in such activities.
- Academic Standards-** To consider matters of academic standards at the College by reviewing current policies and proposals for change and standardization of academic standards, recommending new policies or modifications or deletion of existing policies, and recommending MCC input on any system-proposed standardized policies.
- Curriculum-** To review all courses and curricula; to receive from divisions recommendations for changes in, additions to, or withdrawals of courses and curricula; and to develop and implement the processes and procedures by which all courses and curricular are reviewed.
- Library and Academic Technology-** To review and advise on policies, acquisitions, and services related to academic information resources and technology, such as those of the library and of educational technology.
- College Senate-** The College Senate is the main forum for discussion of issues that affect the entire College community, such as, but not limited to campus buildings, grounds, and non-academic technologies, campus health and safety, academic calendar and scheduling, issues concerning admissions, registration, and financial aid, broad issues of campus culture, community, and priorities. College Senate has the authority and responsibility to discuss, recommend, and determine, as appropriate, policies related to these topics and any issues not under the mandate of the Academic Senate or the Student Government Association.
- Cultural Programs Committee-** To consider and discuss existing cultural programs and to develop, plan, and promote cultural growth while simultaneously extending and supplementing the totality of the College's offerings.
- Strategic Planning-** To develop, plan, and coordinate broad discussions of the College's goals and direction, as part of College Senate meeting agendas, special College-wide forums, or through other means; to summarize the results of the input; and to make recommendations for new or altered goals and priorities.
- Jurisdiction-** To determine and report to constituent bodies which policy-advising body shall have jurisdiction over policy questions not otherwise enumerated in the "Statement on College Governance".
