

MCC Receives Top 150 Honor

Manchester Community College was recently named to a list honoring the best 150 community colleges in the country.

The school was named to the list by the Aspen Institute College Excellence Program. It makes the school eligible to compete for the 2015 Aspen Prize and \$1 million in funding.

The Aspen Prize is awarded every two years, the school said.

More information about the prize and the list of 150 schools can be found at AspenPrize.org.
